I'll work with Mike and Annette - clearly, this happened a long time ago - and we are working to get better language in the contracts so we don't end up in this same situation if something like this happens in the future. Karen

We'll need a better explanation for the public's understanding (than what was reported in news)... as I don't believe the story explained that this was not our doing, nor our choice to pay out these union demands. Thanks

Governor - the funding in the supplemental request is based on an arbitration decision for monetary damages payable to the union for alternate service following the grounding of the LeConte in 2004. We did not receive the decisions in time to address this last session, so they are in the FY2008 supplemental request we submitted to the legislature. Commissioner Kreitzer can provide more information on the details of this if you need them - here is a listing of the unions involved - Karen

International Organization of Masters, Mates and Pilots (MM&P) $317,500.61

Marine Engineers Beneficial Association (MEBA) $19,964.60

Inlandboatmen's Union of the Pacific (IBU-P) $142,508.00

Talis- did Mike get a chance to talk to you about this after my response to his question on EVOS yesterday? I'll forward my response to you that I'd sent him. I will defer to the board's desire to proceed on evos projects, based on my assumption that we've studied each proposal and it's the prudent (and fiscally conservative thing) to do - but for the record I do not know what the proposals, projects or purchases are.

Also- Annette or whomever can answer: Juneau Empire reports on a nearly $500g settlement from ,04 ferry grounding... it's in our budget - but I have not been told of this - if I am asked I do not have an answer. Please explain before I am asked. Thanks

Dear governor palin.   Larry Hartig. Denby Lloyd and I have been meeting all day Saturday and today in preparation for a trustee meeting tomorrow. Monday. On the agenda tomorrow are several votes on habitat acquisition of several parcels for several million dollars. We will be asked to vote. These funds are from a habitat acquisition fund. The trustees have been making such purchases for years. Can the 3 of us get the green light to act in our best judgment tomorrow which in most of these would be to vote for the purchases? Can you just email the three of us a yes to proceed as we see approriate on these parcels. We are reluctant to vote until we know you have no philosophical objection. Talis.
